

CRMLS offers a 4 course study that gives all agents an advantage to maintain their competitive edge

Agents are required to take continuing education classes every four years in order to maintain their real estate license with the Department of Real Estate. Why not let CRMLS Matrix classes count toward your mandatory agency requirement.

CRMLS is the First Multiple Listing Service to offer Department of Real Estate Continuing Education Credits in the Consumer Service category for successful completion of Basic, Intermediate, Advanced or Listing Management Matrix classes.

Arcadia Association of REALTORS®
